I have 20 years of experience. I am also a business owner, a family man and the father of three children — one with autism. I have assisted many families in developing their estate and special needs planning. My own experience helps me to advise my clients. At my agency we care and we appreciate your business and the opportunity to try and earn it. My seasoned team and I take the responsibility of protecting your family and your business seriously. Thank you, and I hope to work with you in the near future.
